Document	Policy/Para number	Legally compliant?	Sound?	Complies with DtC?	Please give further comments.	Please set out suggested changes	Do you wish to attend the oral examination?
TAAP	Apex House site London n15	No	No	No	What's the matter with Haringey Council these days? Why is the council going astray these day? If this Liberty taking plan was submitted to me as a Planner I will tear it up and ask the producer to return to the drawing board class. We cannot have a plan that destructs quality of life in an area containing normal quiet households. We need a better plan that is not obstructive, intrusive, pokey, constantly erecting, where perverts would love to live so that they zoom their nosey perverse eyes into neighbours gardens, where the locals should be entitled to real daylight and where the council staff and its allies should exercise respect and dignity for the natural long term setting. Seven Sisters patch close to the amenities and rail stations is definitely not New York or Canary Whatf with huge skyscrapers. Indeed skyscrapers	Just try to use your thick brains for a change and cleanse your corrupted minds.	No

					<p>case to major pedestrian or public area where it is also the location for transport transit poses a number of potential safety and personal risk. Therefore it is proper to note that Skyscrapers were never meant to be built for human living and any attempt to build the Tower of Babel in Seven Sisters - or even any attempt to build any building more than seven stories tall in seven sisters is corrupting the community.</p>
