Subject: Threatened demolition.

Please re-think the plans for destroying people's homes. I have relatives in Mayes Road and I love visiting the area. I live in Liverpool and I'm old enough to remember the beautiful terraced houses that were flattened as part of the 'improvements' to our City Centre.

When the heart has been ripped out of an area it never recovers.

By all means modify/demolish/re-build the commercial premises, shopping malls, car parks, etc., but don't destroy the beautiful period buildings..... they are HOMES!!

When the heart has been ripped out of an area it never recovers.

Sincerely  
Beryl White
