Subject: Hillcrest RA Response to Local Plan

Dear Mr Kelly,

Please find below

1. HRA comments on Site Allocations
2. HRA comments on Policies
3. Letter to M Kelleher from HRA (Sept 2014) - please note survey responses have been sent as hard copy to your postal address.
4. Constraints Drawing by Gillian Horn of HRA

I attach the letter sent in September 2014 to Michael Kelleher because it outlines in general many of our views about the proposed allocation of Hillcrest as a site for housing. This letter and the residents responses were written when we were fresh to the idea of development on the estate and we feel that they remain valid. I have sent the residents' survey responses as hard copy.

In addition we have prepared detailed comments on the Site Allocations and on the Alterations to Strategic Policies and the Development Management DPD.

We hope that, having considered our views and the evidence, you will conclude that Hillcrest is not a suitable site for new housing and will remove it from the Local Plan.

Sincerely,
Hannah Liptrot
Treasurer, HRA
