Subject: Site Allocations Development Plan Document - Proposal SA49: Cross Lane

I make the following comment about the public consultation on this matter on behalf of the Hornsey Conservation Areas Advisory Committee.

We are pleased that the Document mentions that part of the site lies within the Hornsey Water Works & Filter Beds Conservation Area and states that development should preserve or enhance its appearance.

However, the Document fails to mention that the site also adjoins a number of nationally and locally listed buildings. We consider that any development should also respect the setting of these buildings, particularly 69-71 High Street. The recent Barnwell Manor judgement makes clear the importance of this matter.

Dennis Bradley
Secretary,

Hornsey Conservation Areas Advisory Committee
