**Subject:** TRAFFIC AND THE WOOD GREEN ACTION PLAN

Dear Sir/Madam

I am sure your plans for Wood Green has many excellent aspects but it could add to the nightmare traffic problems in Wightman and Ladder roads. My road, Beresford, is already a rat run for traffic from the north of the Borough and further north and the volume must be reduced NOT increased. Please ensure that adequate measures are included in your plans to ensure a reduction. Also, I would like to be kept informed of your plans for Wood Green.

Yours

Jack Lane
