Please get rid of all the cheap combo mobile and shoe shops in the high street as it will remain a rundown area, despite all yr efforts to beautify the place, I am born and bred in the area of palmers green my family and I have always wanted this change and I hope it will be for the better for all ages, as more comfy seating benches are needed, the knock down of the monstrous mall is a must with that ugly brown brick work must be changed to a brighter colour, greenery and hanging baskets high on buildings is needed, activities are a health benefit for all a centre should be considered for swimming pools, sauna, steam rooms, yoga places, cricket area, tennis area, badminton area, squash, etc, for all ages is paramount for wellbeing and encourage people to go out and enjoy more, a educational centre is a must to encourage people from other countries to learn and write English and also other languages and have recreational activities to improve peoples lives and help them become more productive and educational in life, also brand name shops must be encouraged to come back on our high streets as good quality clothes and household items are important for people to value themselves, as the cheap rundown shops will only leave mental state in poverty, we need to lessen the rent rates and get back what we had once a beautiful upmarket thriving area,
