Dear Sir/Madam,

**Consultation on the revised House Extensions in South Tottenham
Supplementary Planning Document (SPD)**

The London Borough of Haringey has published draft revisions to the House Extensions in South Tottenham SPD and is inviting representations in accordance with Regulations 12 and 13 of the Town and Country Planning (Local Planning) (England) Regulations 2012.

In January and February 2013 the Council issued a Discussion and Consultation Document on the current House Extensions in South Tottenham SPD. It contained further guidance on how extensions should be built in accordance with the original intentions of the SPD (Adopted November 2010) and asked whether any changes to the SPD should be made.

The Council has taken into account all the views expressed and representations it received in January/February and has decided to propose revisions to the current SPD. This makes modest changes to the types of extensions considered acceptable (mainly allowing "Type 3" extensions on their own) along with significant additional detailed advice on appearance and sound construction.

A full explanation of the proposed changes and the reasons for making them can be found in the Consultation Report. This, together with the draft revised SPD can be viewed online at http://www.haringey.gov.uk/south_tottenham_house_extensions.htm and in hard copy format at:
