Subject: London Borough of Haringey Draft Local Plan Consultation (Regulation 18)

Dear Sir/Madam

Thanks for your e-mail of 9.2.15 in regard to the London Borough of Haringey Draft Local Plan Consultation. We have reviewed your proposals and supporting documents & note your proposals do outline plans to extend the operational railway station at Tottenham Hale HGY/2013/2610. ORR has no comment to make on the four Development Plan Documents which will form Haringey's Local Plan for the period to 2026, though we draw your attention to the interests of Network Rail in the development of your plans & recommend that you consult with them.

It might be helpful if I explain that the office has a number of key functions and duties in our role as the independent regulator of Britain's Railways. If your plans relate to the development of the current railway network including the operation of passenger and freight services, stations, stabling and freight sites (including the granting of track and station access rights and safety approvals) within your administrative area, we would be happy to discuss these with you once they become more developed so we can explain any regulatory and statutory issues that may arise.

I have attached a copy of our localism guidance for reference, which can be found at: <http://www.rail-reg.gov.uk/upload/pdf/localism-guidance.pdf>

With regard to the 'statement on the duty to co-operate' this e-mail is confirmation that Cornwall Council has co-operated with the Office of Rail Regulation (ORR) Under the Duty to Co-operate (introduced through the 2011 Localism Act) in the preparation of the Council's development Plan.

Kind regards

A Harrison
Planning Executive
