**Subject:** Lack of "Well maintained" Public Toilets...!

Dear Gavin,

Re: Wood Green AAP

There is a serious lack of "Well Maintained" Public Toilets in the Woodgreen Area, and I hope that serious attention is paid in the AAP to this deficiency. I know that there are Public Toilets in the Shopping Mall but their condition is most appalling and there is no regular maintenance of the facilities. The same can be said about the Public Toilets in the Morrisons store.

**A Very Good Example for the AAP to follow.**

I would strongly recommend sending one of your employees to visit and view the **Public Toilets in the Ealing Broadway Shopping Mall**. The Toilets there are **Very Clean, very well and regularly maintained, very well lit**, and the taps in the Public Area even have small video screens that display advertisements which are **a revenue generators for the Shopping Mall**. A Very Good example for Woodgreen AAP to follow.

Regards,

Saeed
