Subject: Wood Green Area Action Plan

Consultation Comments on Draft Wood Green Area Action Plan:

The Plan should take into account the strong possibility that Crossrail 2 will have stations at Turnpike Lane and Alexandra Palace, rather than at Wood Green, as this was the firm preference of the majority of people who responded to the TfL Consultation a year ago.

It appears that the AAP relies too much on the possibility that there will be a Crossrail 2 station located at the proposed new Wood Green Town Centre.
