**1. High Street Heritage Action Zone bid to Historic England**

Manmohan Dayal and David Franks talked about this bid for up to £2 million (which would be match funded by council). The draft has to be completed by 6<sup>th</sup> December and the final bid submitted by 20<sup>th</sup> December (decision to be known in April). It will focus on public realm, shop fronts and facades. The projects within the Bruce Grove Conservation Area are divided into Priority 1 and 2 projects, where Priority 1 projects would be a priority to upgrade, subject to owners' consent. Some of the projects include listed 1-15 Bruce Grove, Bruce Grove station and nearby shopfronts; down the High Road to St Mark's Church and the Palace Theatre/Cathedral. It will be a four year programme.

The project requires forming a Consortium of Cultural organisations such as Bernie Grant Arts Centre, Bruce Castle Museum and the Kurdish/Turkish community centre at Moorefield Road to encourage knowledge of heritage issues.

Manmohan and David have done a recent walk about of the area with some CAAC members.

A number of issues were raised in discussion. CAAC members complained about a lack of maintenance and enforcement after past heritage regeneration schemes. Manmohan agreed with this and said that there needed to be stricter shopfront guidance. It might be possible to employ a heritage enforcement officer. Members asked about the Bruce Grove station forecourt which had had planning permission and whether there will be disabled access at the station. Land behind the Palace Cathedral was mentioned.

Matthew thanks Manmohan and David for coming to the meeting and said the CAAC hoped that the bid would be successful.

**2. Minutes of the meeting held on 25<sup>th</sup> September 2019** were agreed.
