Which policy / site / paragraph are you commenting on?

Do you have any comments or suggestions for how it could be improved?

I live above the Shopping Centre and have all the amenities and facilities close by me which makes it easier as I had a stroke 2/3 years ago. I am able to walk to get my shopping, go to the local library to do work. If these services were further away I would have trouble accessing these services which would cause further pain to my hand/legs.
